## GREEN ROOM

*A*s you ascend the grand staircase you reach the second-floor balcony, featuring a long bar along the East wall and a superb view of the stage. This area can accommodate up to 220 guests for a private function, spilling over into the grand hallway leading back to an inviting lounge overlooking Sixth Street.

---

## VIP BALCONY

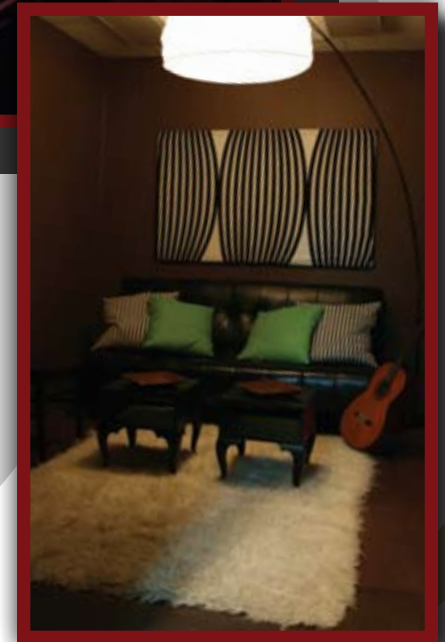

*T*ruly the most exquisite area in the venue, this third-floor balcony can hold up to thirty guests for an intimate VIP experience. With a bird's eye view of the stage, the VIP balcony is the ideal spot for a small private party on a busy night, and the three plush sofas provide a comfortable area to relax.

---

## BACK OF HOUSE AMENITIES

*B*ack stage Aces Lounge provides performers with a private green room, dressing room and bathroom. Load in from the split level rear entrance of the building is aided by an elevator to the ground floor, and caterers serving the upstairs are provided a staging area with commercial sink and large stainless steel prep surface.

## TECHNICAL CAPABILITIES

*ACES Lounge* is home to a top-of-the-line audio and stage lighting package featuring line arrays and subs by McCauley Sound, Inc., ([www.mccauleysound.com](http://www.mccauleysound.com)), controlled by an Allen & Heath mixer, and lighting provided by Elation LED Tri Par 64's and Design Spot 250's.
